

AMENDED IN ASSEMBLY JUNE 29, 2009

AMENDED IN SENATE APRIL 20, 2009

SENATE BILL

No. 546

Introduced by Senator Lowenthal
(Coauthors: Senators Corbett and Oropeza)

February 27, 2009

An act to add Section 25250.29 to the Health and Safety Code, and to amend Sections 48100, ~~48620~~, 48623, ~~48624~~, 48631, 48632, 48645, 48650, 48651, 48652, 48653, 48656, 48660, 48660.5, ~~48661~~, 48662, 48670, 48673, 48674, 48690, and 48691 of, to add Sections ~~48620.2~~ and ~~48651.5~~ 48620.2, 48651.5, and 48654 to, and to repeal Sections 48633 and 48634 of, the Public Resources Code, relating to oil, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 546, as amended, Lowenthal. Used oil.

(1) The California Oil Recycling Enhancement Act, administered by the California Integrated Waste Management Board, among other things, defines terms and establishes the used oil recycling program, consisting of a recycling incentive system, grants or loans to local governments and nonprofit entities for specified purposes related to used lubricating oil collection and recycling and stormwater pollution from used oil and oil byproducts, development and implementation of an information and education program to promote alternatives to the illegal disposal of used oil, and a reporting, monitoring, and enforcement program to ensure that laws relating to used oil are properly carried out. A violation of the act is a crime.

This bill would revise the ~~definitions~~ *definition* of “used oil hauler” and “~~used oil recycling facility~~,” and define the term “rerefined oil,”

for purposes of the act, and would revise and recast the used oil recycling program, so that, among other things, it would no longer provide for loans, and it would provide for the development and implementation of an information and education program to promote methods to reduce the amounts of used oil generated ~~and to promote environmentally preferable uses of recycled oil, including the use of rerefined oil in automotive and industrial lubricants, among other things.~~ The bill would revise the purposes for which grants under the program may be made; ~~including to promote the manufacture of rerefined lubricating oil,~~ and would authorize grants additionally to be made to private entities.

(2) The act generally imposes a charge on oil manufacturers, payable to the board, in the amount of \$0.04 for every quart, or \$0.16 for every gallon, of lubricating oil sold or transferred in the state, or imported into the state for use in the state.

This bill would increase those amounts to \$0.06 and \$0.24, respectively, and would require the board, ~~commencing in 2011,~~ to adjust the ~~base rate of the payment fee~~ annually to reflect increases or decreases in the cost of living *index* during the prior fiscal year.

(3) The act requires the board to pay a recycling incentive to every industrial generator, curbside collection program, and certified used oil collection center, for used lubricating oil if certain conditions apply, and to an electric utility, as defined, for certain used lubricating oil. Existing law requires the board to set the recycling incentive amount at not less than \$0.04 per quart, and authorizes the board to set the amount at a higher amount if the board determines that a higher amount is necessary to promote recycling of used lubricating oil and sufficient funds are available in the California Used Oil Recycling Fund.

This bill would revise the conditions applicable to used lubricating oil that must be met before the board is required to pay the recycling incentive, and would delete the requirement that the board pay the recycling incentive to an electric utility for certain used lubricating oil.

The bill additionally would require the board on and after January 1, 2014, to pay a rerefining incentive to certain recycling facilities that produce rerefined base lubricant meeting specified requirements. The bill would require the board, on or before January 1, 2012, to consider whether to implement additional incentives that prioritize the highest and most beneficial uses of used lubricating oil.

The bill would require the board to increase the recycling incentive to not less than \$0.10 per quart and, on and after January 1, 2014, to set the rerefining incentive at *not less than* \$0.02 per gallon, and would

authorize the board to increase those amounts as specified if it determines that a higher amount is necessary to promote the collection and recycling of used lubricating oil or the rerefining of used lubricating oil, as applicable, and sufficient funds are available in the California Used Oil Recycling Fund.

(4) The act requires the board to deposit the charges described in (2) above, civil penalties and fines paid pursuant to the act, and all other revenues received pursuant to the act, in the California Used Oil Recycling Fund, part of which is continuously appropriated to the board to pay recycling incentives, to provide a reserve for contingencies, to make specified payments for implementation of certain local used oil collection programs in a total amount equal to \$10,000,000 or one-half the amount remaining in the fund after specified expenditures are made, for certain grants and loans, and for reimbursement for certain disposal costs of contaminated used oil. The act authorizes money in the fund, upon appropriation by the Legislature, among other things, to be transferred to the Farm and Ranch Solid Waste Cleanup and Abatement Account in the General Fund, to pay costs associated with implementing and operating the farm and ranch solid waste cleanup and abatement grant program.

This bill would authorize the continuously appropriated moneys in the fund also to be used for rerefining incentives. The bill would increase the amount available for payments for implementation of local used oil collection programs to \$13,000,000, ~~or one-half the amount remaining in the fund after specified expenditures are made~~ *if that amount is not available, the board would be required to determine the amount pursuant to a specified formula*, thereby making an appropriation, and would exempt the application and grant award process for these payments from a public meeting requirement, otherwise applicable to programs under the act. The bill would prohibit money in the California Used Oil Recycling Fund attributable to increasing or adjusting the charge on oil manufacturers described in (2) above from being transferred to the Farm and Ranch Solid Waste Cleanup and Abatement Account.

(5) The act prohibits a used oil collection center from being eligible for the payment of recycling incentives until the board has certified the center and authorizes the board to cancel certification, after a public hearing, upon finding noncompliance with certification requirements. The act requires a center to reapply for certification every 2 years.

This bill instead would require a center to reapply for certification every 4 years and would eliminate the public hearing requirement for cancellation of certification.

(6) Under the act, if the board finds that a shipment of used oil from a certified used oil collection center or a curbside collection program is contaminated by hazardous material and other specified requirements are met, the board, upon application of the center or program, is required to reimburse the center or program for the additional disposal cost of the used oil, subject to eligibility requirements and payment limitations.

This bill would include uncertified publicly funded used oil collection centers in small rural counties in those entities eligible to receive that reimbursement, and would modify the eligibility requirements and payment limitations.

(7) The act imposes certification requirements for used oil recycling facilities.

This bill would specify ~~certification~~ requirements for out-of-state used oil recycling facilities seeking ~~certification~~ *incentive payments*, including requirements to make certain declarations under penalty of perjury. Because this would expand the application of a crime, it would impose a state-mandated local program. The bill would also would impose certification requirements on rerefiners of used oil.

(8) The act imposes reporting requirements on industrial generators of used lubricating oil, used oil collection centers, and curbside collection programs, to be eligible for payment of a recycling incentive.

This bill would revise those reporting requirements.

(9) This bill would make other related changes to the act.

(10) Because a violation of the act is a crime, the bill would impose a state-mandated local program by, among other things, bringing rerefiners of used lubricating oil within the ambit of the act.

(11) Existing law generally regulates persons who generate, receive, store, transfer, transport, treat, or recycle used oil. A violation of those requirements is a crime.

This bill would generally require used oil to be tested and analyzed by a laboratory accredited by the State Department of Public Health, to ensure that it meets specified criteria, before a load of used oil is shipped to a transfer facility, recycling facility, or facility located out of the state. The bill would require the testing and analysis to be accomplished by a registered hazardous waste transporter before acceptance at a transfer or recycling facility or shipment out of state, except as otherwise specified. The bill would require the person

performing the test to maintain records of the test for at least 3 years and to be subject to audit and verification by the Department of Toxic Substances Control. The bill would require the registered hazardous waste transporter who is listed as the transporter on the Uniform Hazardous Waste Manifest used to ship used oil out of state to submit a report annually to the department containing information regarding shipment of used oil out of state. The bill would require the department to inspect transporters annually to verify compliance with these requirements, and to charge the transporter for any costs associated with the inspection. Because a violation of the used oil requirements would be a crime, the bill would impose a state-mandated local program.

(12) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: yes. Fiscal committee: yes.
State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 25250.29 is added to the Health and
2 Safety Code, to read:
3 25250.29. (a) Except as provided in paragraph (2) of
4 subdivision (b) and subdivision (g), before a load of used oil is
5 shipped to a transfer facility, recycling facility, or facility located
6 out of the state, the used oil shall be tested and analyzed by a
7 laboratory accredited by the State Department of Public Health
8 pursuant to Article 3 (commencing with Section 100825) of
9 Chapter 4 of Part 1 of Division 101, to ensure that the used oil
10 meets all of the following characteristics:
11 (1) A flashpoint above 100 degrees Fahrenheit.
12 (2) A polychlorinated biphenyls (PCB) concentration of less
13 than 5 ppm.
14 (3) A concentration of total halogens of 1000 ppm or less, unless
15 the presumption in subclause (I) of clause (v) of subparagraph (C)
16 of paragraph (1) of subdivision (a) of Section 25250.1 has been
17 rebutted pursuant to subclause (II) of clause (v) of subparagraph
18 (C) of paragraph (1) of subdivision (a) of Section 25250.1.

(b) The testing and analysis required pursuant to subdivision (a) shall be accomplished by a registered hazardous waste transporter prior to acceptance at a transfer facility or recycling facility, or shipment out of the state, except the transporter is not required to perform the testing and analysis if the transporter can do either of the following:

(1) (A) Demonstrate that testing and analysis has been performed by the generator of the used oil prior to shipment.

(B) Subparagraph (A) does not require the generator of the used oil to perform the testing and analysis required by this section.

(2) Provide documentation that the testing will be performed by a transfer facility or a recycling facility issued a permit by the department pursuant to this chapter.

(c) (1) A transporter shall not require a used oil collection center to test tanks or containers that contain only used lubricating oil or oil filters accepted from the public as a condition of accepting the oil for shipment.

(2) A transporter shall not require a generator to test used oil as a condition of accepting that used oil for shipment.

(3) This subdivision does not alter a generator's responsibility to comply with regulations adopted by the department that govern the operation of a generator, and a transporter shall not be required to transport untested used oil.

(d) This section does not affect or limit a testing requirement that the department may impose on a used oil transfer facility or used oil recycling facility as a condition of a permit issued by the department, including, but not limited to, a test required pursuant to a facility's waste analysis plan.

(e) The person performing a test required by subdivision (a) shall maintain records of tests performed for used oil for at least three years and is subject to audit and verification by the department.

(f) The registered hazardous waste transporter who is listed as the transporter on the Uniform Hazardous Waste Manifest used to ship used oil out of state shall submit a report, on or before March 1 of each year, to the department, containing all of the following information for the preceding year:

(1) Total volume of used oil shipped out of state.

(2) Date of each shipment of used oil out of state.

1 (3) Uniform Hazardous Waste Manifest tracking number used
2 to ship used oil out of the state.

3 (4) Volume of used oil shipped out of state listed on each
4 manifest.

5 (5) Information pertaining to the out-of-state facility to which
6 the used oil was shipped, including the facility name, facility
7 address, and facility EPA ID number.

8 (6) Signed certification that all used oil shipped out of the state
9 was analyzed and conformed to the requirements of subdivision
10 (a), including identification of the accredited laboratory utilized
11 to test and analyze the used oil shipment.

12 (7) Any other information that the department may require.

13 (g) (1) This section does not apply to a load for shipment that
14 consists exclusively of used lubricating oil accepted by a used oil
15 collection center from the public, including, but not limited to,
16 used lubricating oil accepted by a publicly funded certified or
17 uncertified used oil collection center located in a small rural county.

18 (2) This section does not require a generator to test used oil for
19 dielectric oil derived from highly refined mineral oil used in oil
20 filled electrical equipment. Nothing in this section exempts that
21 oil from any testing requirement required by any other law.

22 (3) This section does not prohibit the transportation of used oil
23 to a facility located outside the state, or impose liability other than
24 compliance with the requirements of this section upon, or in
25 another way affect the liability of, a generator whose used oil is
26 transported to a facility located outside the state.

27 (h) The department shall inspect transporters annually to verify
28 compliance with this section. The department shall charge the
29 transporter for any costs, including indirect costs, associated with
30 the inspection.

31 SEC. 2. Section 48100 of the Public Resources Code is
32 amended to read:

33 48100. (a) The Legislature hereby finds and declares that
34 illegal disposal of solid waste on property owned by innocent
35 parties is a longstanding problem needing attention and that grants
36 provided under this chapter will support the cleanup of farm and
37 ranch property.

38 (b) The board shall establish a farm and ranch solid waste
39 cleanup and abatement grant program for the purposes of cleaning

1 up and abating the effects of illegally disposed solid waste pursuant
2 to this chapter.

3 (c) (1) The Farm and Ranch Solid Waste Cleanup and
4 Abatement Account is hereby created in the General Fund and
5 may be expended by the board, upon appropriation by the
6 Legislature in the annual Budget Act, for the purposes of this
7 chapter.

8 (2) The following funds shall be deposited into the account:

9 (A) Money appropriated by the Legislature from the Integrated
10 Waste Management Fund or the California Used Oil Recycling
11 Fund to the board for the grant program, or from the California
12 Tire Recycling Management Fund to the board for the purposes
13 set forth in paragraph (10) of subdivision (b) of Section 42889.

14 (B) Notwithstanding Section 16475 of the Government Code,
15 any interest earned on the money in the account.

16 (3) The board may expend the money in the account for both
17 of the following purposes:

18 (A) To pay the costs of implementing this chapter, which costs
19 shall not exceed 7 percent of the funds available for the grant
20 program.

21 (B) To make payments for grants authorized by this chapter.

22 (4) Upon authorization by the Legislature in the annual Budget
23 Act, the sum of all funds transferred into the account from other
24 funds or accounts shall not exceed one million dollars (\$1,000,000)
25 annually.

26 (5) Except as provided in paragraph (2) of subdivision (c) of
27 Section 48653; *and* notwithstanding any other provision of law,
28 the grant program shall be funded from the following funds:

29 (A) The Integrated Waste Management Fund.

30 (B) The California Tire Recycling Management Fund, for the
31 purposes set forth in paragraph (10) of subdivision (b) of Section
32 42889.

33 (C) The California Used Oil Recycling Fund.

34 (d) For purposes of this chapter, the following definitions shall
35 apply:

36 (1) "Native American tribe" has the same meaning as tribe, as
37 defined in subdivision (b) of Section 44201.

38 (2) "Public entity" means a city, county, or resource
39 conservation district.

SEC. 3. Section 48620.2 is added to the Public Resources Code, to read:

48620.2. “Rerefined oil” means a lubricant base stock or oil base that has been derived from used oil and meets all the following criteria:

(a) Processed using a series of mechanical or chemical methods, or both, including, but not limited to, vacuum distillation, followed by solvent refining or hydrotreating.

(b) Capable of meeting the Physical and Compositional Properties, in addition to the Contaminants and Toxicological Properties, as defined under the American Society for Testing and Materials (ASTM) D6074-99 standard.

(c) Processed into a material that has a quality level suitable for use in a finished lubricant.

SEC. 4. Section 48623 of the Public Resources Code is amended to read:

48623. “Used oil hauler” means a hazardous waste transporter registered pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code who transports used oil to a used oil recycling facility certified pursuant to Article 7 (commencing with Section 48660), to a used oil storage facility, to a used oil transfer facility, or to an out-of-state recycling facility registered with the board ~~pursuant to subdivision (b) of Section 48662 to be operating in substantial compliance with Part 279 (commencing with Section 279.1) of Title 40 of the Code of Federal Regulations.~~

~~SEC. 5. Section 48624 of the Public Resources Code is amended to read:~~

~~48624. “Used oil recycling facility,” for purposes of this chapter, means a facility that is certified pursuant to Section 48662.~~

~~SEC. 6.~~

SEC. 5. Section 48631 of the Public Resources Code is amended to read:

48631. The used oil recycling program shall include, but is not limited to, all of the following:

(a) A recycling incentive system as described in Article 6 (commencing with Section 48650).

(b) ~~Grants as~~ Including, but not limited to, public and private grants and contracts, including, but not limited to, those between

1 *the board and local governments, nonprofit entities, and private*
2 *entities for the purposes specified in Section 48632.*

3 (c) Development and implementation of an information and
4 education program to promote ~~alternatives to the illegal disposal~~
5 ~~of used oil, methods to reduce the amounts of used oil generated,~~
6 ~~and environmentally preferable uses of recycled oil, including the~~
7 ~~use of rerefined oil in automotive and industrial lubricants; safe~~
8 *and proper used oil collection and treatment methods, methods to*
9 *reduce used oil generation, and advances in new and existing*
10 *technologies, including, but not limited to, use of rerefined oil in*
11 *automotive and industrial lubricants.*

12 (d) A reporting, monitoring, and enforcement program to ensure
13 that all statutes and regulations relating to used oil are properly
14 carried out.

15 ~~SEC. 7.~~

16 *SEC. 6.* Section 48632 of the Public Resources Code is
17 amended to read:

18 48632. ~~The board may issue grants pursuant to subdivision (b)~~
19 ~~of Section 48631 to local governments, nonprofit entities, and~~
20 ~~private entities, for providing collection and recycling opportunities~~
21 ~~for used lubricating oil and filters, that are in addition to those~~
22 ~~included in the local used oil collection programs adopted pursuant~~
23 ~~to Article 10 (commencing with Section 48690). Grants under this~~
24 ~~section may be for, but are not limited to, any of the following:~~
25 *may, pursuant to subdivision (b) of Section 48631, issue grants to*
26 *or contract with local governments, nonprofit entities, and private*
27 *entities, for any of the following purposes:*

28 (a) ~~Establishing—~~*Providing and maintaining collection and*
29 *recycling opportunities for used lubricating oil—collection*
30 ~~infrastructure and sustaining~~ *and filters that are in addition to*
31 *those included in the local used oil collection—opportunities*
32 *programs adopted pursuant to Article 10 (commencing with Section*
33 *48690).*

34 (b) Research, testing, and demonstration projects for *in-service*
35 *uses, collection technologies, and other new and innovative projects*
36 ~~in end-of-life~~ *used oil management.*

37 (c) Developing ~~uses for~~ *uses and markets for low environmental*
38 *impact products resulting from the recycling of used oil, including,*
39 *but not limited to, promoting the manufacture of rerefined*
40 *lubricating oil.*

1 (d) *Protect advancements and developments in lubricating oil*
2 *resulting from, but not limited to, new requirements or technologies*
3 *in fuel efficiency and performance, synthetic or biobased*
4 *lubricants, alternative fuels, and methods to extend lubricating oil*
5 *life.*

6 ~~(d)-(1)~~

7 (e) Education and mitigation projects relating to stormwater
8 pollution from used oil and oil byproducts, including, but not
9 limited to, use of storm drain inlet filter devices; and its impacts
10 on receiving waters, soils, and oceans.

11 ~~(2)~~

12 (f) A local government shall not receive a grant or contract
13 pursuant to this section for any purpose identified in ~~paragraph (1)~~
14 subdivision (e) unless the local government certifies that it has a
15 stormwater management program that is approved by the
16 appropriate California regional water quality control board and
17 that the project approved for funding under ~~paragraph (1)~~
18 subdivision (e) is consistent with that approved stormwater
19 management program.

20 ~~(e) Promoting the manufacture of rerefined lubricating oil.~~

21 (g) *An information and education program pursuant to*
22 *subdivision (c) of Section 48631.*

23 ~~SEC. 8.~~

24 SEC. 7. Section 48633 of the Public Resources Code is
25 repealed.

26 ~~SEC. 9.~~

27 SEC. 8. Section 48634 of the Public Resources Code is
28 repealed.

29 ~~SEC. 10.~~

30 SEC. 9. Section 48645 of the Public Resources Code is
31 amended to read:

32 48645. Except for payments made to local governments
33 pursuant to paragraph (3) of subdivision (a) of Section 48653, final
34 approval of applicant and project eligibility standards, scoring and
35 evaluation processes, and awarding of grants under this chapter
36 shall be made in a public meeting of, and pursuant to a vote of,
37 the board.

38 ~~SEC. 11.~~

39 SEC. 10. Section 48650 of the Public Resources Code is
40 amended to read:

1 48650. (a) Every oil manufacturer shall pay to the board, on
2 or before the last day of the month following each quarter, an
3 amount equal to six cents (\$0.06) for every quart, or twenty-four
4 cents (\$0.24) for every gallon, of lubricating oil sold or transferred
5 in the state, or imported into the state for use in the state in that
6 quarter. For lubricating oil sold by weight, a weight to volume
7 conversion factor of 7.5 pounds per gallon shall be used to
8 determine the fee. ~~Commencing in 2011, the board shall adjust the~~
9 ~~base rate of the payment annually to~~ *The board may adjust the fee*
10 *not more than once annually to* reflect increases or decreases in
11 ~~the cost of living~~ *cost-of-living index* during the prior fiscal year,
12 as measured by the California Consumer Price Index issued by the
13 Department of Industrial Relations or a successor agency. Except
14 as provided in subdivision (b), no payment is required for oil that
15 meets any of the following:

16 (1) Oil for which a payment has already been made to the board
17 pursuant to this section.

18 (2) Oil exported or sold for export from the state.

19 (3) Oil sold for use in vessels operated in interstate or foreign
20 commerce.

21 (4) Oil imported into the state in the engine crankcase,
22 transmission, gear box, or differential of an automobile, bus, truck,
23 vessel, plane, train, or heavy equipment or machinery.

24 (5) Bulk oil imported into, transferred in, or sold in the state to
25 a motor carrier, as defined in Section 408 of the Vehicle Code,
26 and used in a vehicle designated in subdivisions (a) and (b) of
27 Section 34500 of the Vehicle Code.

28 (6) The oil otherwise subject to payment pursuant to this
29 subdivision has a volume of five gallons or less.

30 (7) Oil sold as a finished lubricant containing ~~60~~ *at least 70*
31 percent rerefined base lubricant.

32 (b) If oil exempted from payment pursuant to subdivision (a)
33 is subsequently sold or transferred for use, or is used, in this state,
34 and the use does not qualify for exemption pursuant to subdivision
35 (a), the entity that sells, transfers, or uses the oil for a purpose that
36 is not exempt from payment, shall make the payment specified in
37 subdivision (a).

38 ~~SEC. 12.~~

39 *SEC. 11.* Section 48651 of the Public Resources Code is
40 amended to read:

1 48651. (a) The board shall pay a recycling incentive pursuant
2 to subdivision (a) of Section 48652 to every industrial generator,
3 curbside collection program, and certified used oil collection center,
4 for used lubricating oil collected from the public or generated by
5 the industrial generator, if either of the following conditions apply:

6 (1) The used lubricating oil is transported by a used oil hauler
7 to a used oil storage facility or to a used oil transfer facility ~~that~~
8 ~~complies with subdivision (b);~~ for the purpose of producing
9 recycled oil *as defined in Section 48620.*

10 (2) The used lubricating oil is transported by a used oil hauler
11 directly to an in-state used oil recycling facility that is certified
12 pursuant to subdivision (a) of Section 48662, or to an out-of-state
13 used oil recycling facility registered ~~with the board~~ pursuant to
14 subdivision (b) of Section 48662 *or certified pursuant to*
15 *subdivision (c) of Section 48662,* for the purpose of producing
16 recycled oil *as defined in Section 48620.*

17 (b) A used oil storage facility or a used oil transfer facility that
18 accepts used oil pursuant to paragraph (1) of subdivision (a) shall
19 cause that oil to be transported by a used oil hauler to a used oil
20 recycling facility certified pursuant to subdivision (a) of Section
21 48662 or to an out-of-state used oil recycling facility registered
22 ~~with the board~~ pursuant to subdivision (b) of Section 48662 *or*
23 *certified pursuant to subdivision (c) of Section 48662 for the*
24 *purpose of producing recycled oil as defined in Section 48620.*

25 ~~SEC. 13.~~

26 *SEC. 12.* Section 48651.5 is added to the Public Resources
27 Code, to read:

28 48651.5. (a) The board, with regard to promoting the recycling
29 of used lubricating oil into rerefined oil, shall pay a rerefining
30 incentive pursuant to subdivision (b) of Section 48652 if all of the
31 following conditions are met:

32 (1) The facility is an in-state or out-of-state recycling facility
33 that is certified in accordance with subdivision (c) of Section 48662
34 and produces rerefined base lubricant meeting the specifications
35 of rerefined oil as defined in Section 48620.2.

36 (2) The used oil was generated and collected within the state
37 and prior to treatment or processing has been tested to meet the
38 definition of used oil as specified in paragraph (1) of subdivision
39 (a) of Section 25250.1 of the Health and Safety Code.

1 (3) The facility submits to the board a completed used oil
2 rerefining incentive payment claim in the form and manner that
3 the board may prescribe.

4 (b) To further promote the safe management of used oil, the
5 board, using existing financial resources, shall identify and evaluate
6 the most environmentally beneficial uses of used lubricating oil.
7 On or before January 1, 2012, the board shall consider whether to
8 implement additional incentives pursuant to this section that
9 prioritize the highest and most beneficial uses of used lubricating
10 oil.

11 ~~SEC. 14.~~

12 *SEC. 13.* Section 48652 of the Public Resources Code is
13 amended to read:

14 48652. (a) The board shall set the recycling incentive at not
15 less than ten cents (\$0.10) per quart. The board may set the amount
16 at an amount higher than ten cents (\$0.10) if the board determines
17 that a higher amount is necessary to promote the collection and
18 recycling of used lubricating oil and sufficient funds are available
19 in the fund.

20 (b) On and after January 1, 2014, the board shall set the
21 rerefining incentive at *not less than* two cents (\$0.02) per gallon.
22 On and after January 1, 2015, the board may set the ~~amount at an~~
23 ~~amount higher than two cents (\$0.02) per gallon rerefining~~
24 ~~incentive at a higher amount~~ if the board determines that a higher
25 amount is necessary to promote rerefining of used lubricating oil
26 and sufficient funds are available in the fund.

27 (c) The board shall not change the amount of an incentive paid
28 pursuant to this section until at least one year has passed since the
29 amount was last set. The amount of an incentive paid by the board
30 shall remain at the previous amount for one month after setting
31 the incentive at a different amount. The board shall not raise the
32 amount of an incentive paid or implement other incentive options
33 pursuant to subdivision (b) of Section 48651.5 unless it finds that
34 the ~~increase~~ *raise* will not adversely affect funding required
35 pursuant to Sections 48631, 48653, and 48660.5.

36 ~~SEC. 15.~~

37 *SEC. 14.* Section 48653 of the Public Resources Code is
38 amended to read:

39 48653. The board shall deposit all amounts paid pursuant to
40 Section 48650 by manufacturers, civil penalties, and fines paid

pursuant to this chapter, and all other revenues received pursuant to this chapter into the California Used Oil Recycling Fund, which is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the money in the fund is to be appropriated solely as follows:

(a) Continuously appropriated to the board for expenditure for the following purposes:

(1) To pay recycling incentives pursuant to Section 48651.

(2) To provide a reserve for contingencies, as may be available after making other payments required by this section, in an amount not to exceed one million dollars (\$1,000,000).

(3) To make payments for the implementation of local used oil collection programs adopted pursuant to Article 10 (commencing with Section 48690) to cities, based on the city's population, and counties, based on the population of the unincorporated area of the county, in a total annual amount equal to thirteen million dollars (\$13,000,000) or half of the amount that remains in the fund after the expenditures are made pursuant to paragraphs (1) and (2) and subdivision (b), whichever amount is greater, multiplied by the county. *Notwithstanding subdivision (b) of Section 48656, the total annual amount shall equal thirteen million dollars (\$13,000,000), except that the board may issue the payments as follows, if sufficient funds are not available in the fund:*

(A) (i) *One-half of the amount that remains in the fund after the expenditures are made pursuant to paragraphs (1) and (2) and subdivision (b).*

(ii) *The board may utilize additional amounts from the fund up to, but not exceeding, thirteen million dollars (\$13,000,000).*

(B) *Pursuant to paragraph (2) of subdivision (d) of Section 48691, it is the intent of this paragraph that at least three million dollars (\$3,000,000) be made available specifically for used oil filter collection and recycling programs.*

(C) *Payments shall be determined by multiplying the total annual amount by the fraction equal to the population of cities and counties that are eligible for payments pursuant to Section 48690, divided by the population of the state. The board shall use the latest population estimates of the state generated by the Population Research Unit of the Department of Finance in making the calculations required by this paragraph.*

1 (4) To implement Section 48660.5, in an amount not to exceed
2 two hundred thousand dollars (\$200,000) annually.

3 ~~(5) (A) To implement subdivisions (b) and (c) of Section 48631~~
4 ~~and Section 48632.~~

5 ~~(B) Grants pursuant to subdivision (b) of Section 48631 and~~
6 ~~Section 48632 shall be offered each fiscal year that commences~~
7 ~~in an odd-numbered year.~~

8 ~~(C) The allocation of funds to implement subdivisions (b) and~~
9 ~~(c) of Section 48631 and Section 48632 shall be at the discretion~~
10 ~~of the board to be determined in a public meeting, and pursuant~~
11 ~~to a vote, of the board.~~

12 ~~(6)~~

13 (5) For expenditures pursuant to Section 48656.

14 (b) The money in the fund may be expended by the board for
15 the administration of this chapter and by the department for
16 inspections and reports pursuant to Section 48661, only upon
17 appropriation by the Legislature in the annual Budget Act.

18 (c) (1) Except as provided in paragraph (2), the money in the
19 fund may be transferred to the Farm and Ranch Solid Waste
20 Cleanup and Abatement Account in the General Fund, upon
21 appropriation by the Legislature in the annual Budget Act, to pay
22 the costs associated with implementing and operating the Farm
23 and Ranch Solid Waste Cleanup and Abatement Grant Program
24 established pursuant to Chapter 2.5 (commencing with Section
25 48100).

26 (2) The money in the fund attributable to a charge increase or
27 adjustment made or authorized by amendment of *in an amendment*
28 *to* subdivision (a) of Section 48650 by the act adding this paragraph
29 shall not be transferred to the Farm and Ranch Solid Waste Cleanup
30 and Abatement Account.

31 *(d) Appropriations to the board to pay the costs necessary to*
32 *administer this chapter shall not exceed three million dollars*
33 *(\$3,000,000) annually.*

34 ~~(d)~~

35 (e) The Legislature hereby finds and declares its intent that the
36 ~~sum of~~ three hundred fifty thousand dollars (\$350,000) should be
37 annually appropriated from the California Used Oil Recycling
38 Fund in the annual Budget Act to the board, commencing with
39 fiscal year 2010–11, for the purposes of Section 48655 and to

1 conduct those investigations and enforcement actions necessary
2 to implement subdivision (b) of Section 48651.

3 *SEC. 15. Section 48654 is added to the Public Resources Code,*
4 *to read:*

5 *48654. (a) It is the intent of the Legislature in enacting this*
6 *chapter that local government sponsored used motor oil collection*
7 *programs in rural counties continue to operate and be funded to*
8 *maintain or expand their existing collection efforts. As such,*
9 *funding should be increased according to increased costs due to*
10 *the imposition of new requirements under this chapter enacted in*
11 *the act that added this section in the 2009-10 Regular Session of*
12 *the Legislature.*

13 *(b) (1) The board shall provide funds from the California Used*
14 *Oil Recycling Fund to rural counties for local government*
15 *sponsored collection efforts to cover additional costs of testing or*
16 *reduced availability of the recycling incentive caused by increased*
17 *regulatory expenses pursuant to the addition of Section 25250.29*
18 *to the Health and Safety Code, and amendments to Sections 48623,*
19 *48631, 48632, 48651, 48662, and 48670, enacted in the act that*
20 *added this section in the 2009-10 Regular Session of the*
21 *Legislature.*

22 *(2) To qualify for such funding, the local government shall*
23 *demonstrate to the board that it has incurred additional costs and*
24 *that these costs could not have been avoided or lessened through*
25 *the use of a commercially viable alternative transporter or*
26 *recycling facilities that are in compliance with this chapter.*

27 *SEC. 16. Section 48656 of the Public Resources Code is*
28 *amended to read:*

29 *48656. After all of the expenditures pursuant to Section 48653*
30 *have been made, notwithstanding paragraph ~~(6)~~ (5) of subdivision*
31 *(a) of Section 48653, the balance remaining in the fund shall be*
32 *available for incentives pursuant to Section 48651.5: to the board*
33 *for the following purposes:*

34 *(a) The implementation of subdivisions (b) and (c) of Section*
35 *48631 and Section 48651.5, subject to both of the following*
36 *requirements:*

37 *(1) The allocation of funds to implement subdivisions (b) and*
38 *(c) of Section 48631 shall be at the discretion of the board to be*
39 *determined annually in a public meeting and pursuant to a vote*
40 *of the board.*

(2) *The board shall pay rerefining incentives pursuant to Section 48651.5 if sufficient funds are available in the fund.*

(b) *Annual revenues left unspent in excess of one million dollars (\$1,000,000) shall be allocated pursuant to paragraph (3) of subdivision (a) of Section 48653 for local collection programs adopted pursuant to Article 10 (commencing with Section 48690).*

SEC. 17. Section 48660 of the Public Resources Code is amended to read:

48660. (a) No used oil collection center shall be eligible for the payment of recycling incentives until the board has certified that the center is in compliance with the requirements in subdivision (b). Before certification, the board may require the center to submit any information that the board determines is necessary to find that the center is in compliance with those requirements. A center shall reapply for certification every four years. The board may cancel the certification of a center if the board finds that the center is not, or has not been, in compliance with subdivision (b). The board may withhold the payment of recycling incentives for used lubricating oil collected by a center if the board finds that the center was not in compliance with subdivision (b) during the time in which the used lubricating oil was collected.

(b) To be eligible for certification by the board and for the payment of recycling incentives, the used oil collection center shall do all of the following:

(1) ~~(A) Accept used lubricating oil from the public at no charge during the hours between 8 a.m. and 8 p.m. that the entity operating as the center is open for business.~~

~~(B) The board may approve alternative hours for the acceptance of used lubricating oil by an individual center if either of the following conditions is met:~~

~~(i) The center accepts used lubricating oil for 12 continuous hours daily.~~

~~(ii) The center demonstrates that compliance with Section 279.31 of Title 40 of the Code of Federal Regulations prevents the center from complying with subparagraph (A).~~

(2) Pay to a person, ~~upon the person's~~ *at his or her* request, an amount equal to the recycling incentive that the center will receive for used lubricating oil brought to the center in containers by the person. Nothing in this chapter prohibits a person from donating

1 used lubricating oil to a center. The recycling incentive may be in
2 the form of a credit that may be applied toward the purchase of
3 goods or services offered by the center, as determined by the board.
4 The credit shall be in the form of a voucher or coupon with a value
5 of at least twice the incentive amount to be paid pursuant to Section
6 48652 and have no other limits for use, unless prescribed by the
7 board.

8 (3) Provide information to the board for informing the public
9 of the center's acceptance of used lubricating oil.

10 (4) Provide notice to the ~~public, through onsite signs and~~
11 ~~periodic advertising in local media, of the center's acceptance of~~
12 ~~used lubricating oil from the public.~~ *public of the center's*
13 *acceptance of used lubricating oil from the public through periodic*
14 *advertising in local media and onsite signs that meet the following*
15 *requirements:*

16 (A) Onsite signs shall be of a design *and specification* prescribed
17 by the board ~~and exterior signs shall be posted in a location that~~
18 ~~is easily visible from a public street, and shall state that the center~~
19 ~~is certified by the state and collects used oil from the public at no~~
20 ~~charge.~~

21 (B) A certified center shall post ~~a combined symbolic and~~
22 ~~information exterior sign of at least two feet by three feet in size,~~
23 ~~or shall post an exterior symbolic sign of at least two feet by 18~~
24 ~~inches in size. If the exterior symbolic sign is posted, the combined~~
25 ~~symbolic and informational sign shall be concurrently posted so~~
26 ~~that it is easily readable from the location where the used oil is~~
27 ~~received from the public. The exterior symbolic sign shall include~~
28 ~~the following words in a manner specified by the board: "Used~~
29 ~~Oil Collection Center."~~ *an exterior sign of a design and*
30 *specification prescribed by the board in a location that is easily*
31 *visible from a public street. In addition, the certified center shall*
32 *post an informational sign of a design and specification prescribed*
33 *by the board so that it is easily readable from the location where*
34 *the used oil is received from the public.*

35 (C) A center that does not accept used lubricating oil from the
36 public during all of its business hours, but meets the requirements
37 of paragraph (1), shall indicate on the exterior sign the hours when
38 that used oil is accepted at no charge from the public and these
39 hours shall be posted instead of the business hours.

40 (D)

1 (C) If local zoning ordinances prevent signs of a size consistent
2 with this paragraph, the exterior symbolic sign shall be of the
3 maximum allowable size.

4 (c) Notwithstanding subdivision (b), a used oil collection center
5 may refuse to accept used lubricating oil that has been
6 contaminated in a manner other than that which would occur
7 through normal use.

8 (d) Notwithstanding subdivision (b), a used oil collection center
9 shall not knowingly accept used lubricating oil for which a payment
10 has not been made pursuant to Section 48650.

11 SEC. 18. Section 48660.5 of the Public Resources Code is
12 amended to read:

13 48660.5. (a) If the board finds that a shipment of used oil from
14 a certified used oil collection center, a curbside collection program,
15 or ~~an~~ uncertified publicly funded used oil collection center in a
16 small rural county is contaminated by hazardous materials in excess
17 of that which generally occurs in normal use, which renders the
18 used oil infeasible for recycling, and requires that the used oil be
19 destroyed at a substantially higher cost than the cost generally to
20 recycle used oil, the board shall, upon application by the used oil
21 collection center or curbside collection program, reimburse the
22 center or program for the additional disposal cost, subject to the
23 eligibility requirements of subdivision (b), except as provided in
24 subdivision (c).

25 (b) A certified used oil collection center, curbside collection
26 program, or uncertified publicly funded used oil collection center
27 in a small rural county is eligible for reimbursement only if it
28 demonstrates to the satisfaction of the board all of the following,
29 except that paragraph (1) does not apply to a publicly funded used
30 oil collection center in a small rural county:

31 (1) The center or program has established procedures to ensure
32 that the used oil it generates and accepts from the public will not
33 be mixed with other hazardous wastes, especially ~~halogenated~~
34 *halogen-contaminated* and polychlorinated biphenyl-contaminated
35 wastes. These procedures shall include, but not be limited to,
36 instructing the public and employees that used oil shall not be
37 mixed with other hazardous waste. The board shall not require a
38 center or program to test used oil received from the public as part
39 of these procedures.

(2) The shipment contains not more than five gallons or pounds of contaminants combined, based on the contaminant concentrations and the total volume or weight of the shipment.

(c) In a calendar year, a used oil collection center, curbside collection program, or uncertified publicly funded used oil collection center in a small rural county shall be reimbursed for not more than one shipment and for not more than five thousand dollars (\$5,000) in disposal costs for halogen-contaminated waste or not more than the actual net additional costs of disposing of polychlorinated biphenyl-contaminated wastes, subject to the availability of funds pursuant to Section 48656.

~~SEC. 19. Section 48661 of the Public Resources Code is amended to read:~~

~~48661. (a) The department shall annually inspect used oil recycling facilities located in this state.~~

~~(b) Within 135 days following inspection, the department shall submit a report to the board, describing all of the following:~~

~~(1) Any violations of Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code.~~

~~(2) Any corrective actions ordered or agreed to by the department.~~

~~(3) Progress by the facility in correcting violations identified in previous inspections.~~

~~(e) In the report required by subdivision (b), the department shall specifically state whether any of the following occurred:~~

~~(1) The department has identified violations of subdivision (e) of Section 25250.1 of the Health and Safety Code regarding achievement of minimum standards of purity for recycled oil.~~

~~(2) The department has identified violations of regulations requiring financial responsibility assurance for liability, closure, and postclosure obligations.~~

~~(3) Where prior contamination has been identified, the facility has an approved corrective action plan and has not been found to be in violation of its requirements.~~

~~(4) The department has identified violations that meet the criteria for class 1 violations, as defined in Section 66260.10 of Title 22 of the California Code of Regulations.~~

~~SEC. 20:~~

~~SEC. 19. Section 48662 of the Public Resources Code is amended to read:~~

1 48662. (a) The board shall certify or recertify a used oil
2 recycling facility located in this state ~~and for which the board has~~
3 received a report from the department pursuant to Section 48661,
4 unless the board determines that the facility is engaged in a
5 repeating or recurring pattern of noncompliance that poses a
6 significant threat to public health and safety or the environment.

7 (b) ~~(1) The board shall certify or recertify~~ *require* an out-of-state
8 recycling facility, that receives used oil from a California generator
9 ~~and to which a recycling incentive may be paid if both of the~~
10 ~~following requirements are met:~~

11 ~~(1) The out-of-state used oil recycling facility registers with the~~
12 ~~board and declares, under penalty of perjury, that it is operating~~
13 ~~paid, to register with the board declaring under penalty of perjury~~
14 ~~that the facility is operating~~ in substantial compliance with Part
15 279 (commencing with Section 279.1) of Title 40 of the Code of
16 Federal Regulations. An out-of-state recycling facility registering
17 with the board pursuant to this subdivision shall, upon request,
18 provide the board or the department with a copy of any inspection
19 report issued for the facility by, or any other enforcement related
20 documents available to, the agency responsible for enforcing Part
21 279 (commencing with Section 279.1) of Title 40 of the Code of
22 Federal Regulations at the facility.

23 (2) The out-of-state used oil recycling facility ~~declares~~ *shall*
24 *declare*, under penalty of perjury, to the board that used oil that it
25 receives from a California generator to whom a recycling incentive
26 may be paid is recycled to meet the purity standards for recycled
27 oil, as defined in Section 48620. An out-of-state recycling facility
28 registering with the board pursuant to this subdivision shall, upon
29 request, provide the board or the department with a copy of records
30 demonstrating that the used oil has been recycled to meet those
31 purity standards.

32 (c) The board shall certify or recertify a rerefiner of used oil
33 ~~that for which the board has received a report from the department~~
34 ~~that the facility~~ meets either of the following requirements:

35 (1) The used oil recycling facility located in this state is certified
36 pursuant to subdivision (a) and produces rerefined base lubricant
37 meeting the specifications ~~for rerefined oil as defined in Section~~
38 ~~48620.2.~~

39 (2) The used oil recycling facility is an out-of-state facility
40 ~~certified under subdivision (b) that certifies annually in writing,~~

1 under penalty of perjury, to the board that the facility produces
2 that has demonstrated to the satisfaction of the department all of
3 the following:

4 (A) The facility substantially meets the requirements in Part
5 279 (commencing with Section 279.1) of Title 40 of the Code of
6 Federal Regulations.

7 (B) The facility produces rerefined base lubricant meeting the
8 specifications for rerefined oil, as defined in Section 48620.2. An
9 out-of-state recycling facility registering with the board pursuant
10 to this subdivision shall, upon request, provide the board or the
11 department with a copy of records demonstrating that the used oil
12 has been recycled to meet the specifications for rerefined oil, as
13 defined in Section 48620.2.

14 (d) An out-of-state facility certified pursuant to subdivision (b)
15 or (c) shall, upon a request by the board, be subject to audit by the
16 department to verify the applicable requirements for certification.
17 that seeks certification shall annually certify in writing to the
18 board, under penalty of perjury, that the facility substantially meets
19 the requirements in paragraph (2) of subdivision (c).

20 (e) Subdivision (d) Paragraph (2) of subdivision (c) does not
21 require the department to inspect or prohibit the department from
22 inspecting an out-of-state facility to determine whether the
23 department is satisfied that the facility substantially meets the
24 requirements for certification.

25 (f) As a condition of demonstrating compliance with and audit
26 performed pursuant to subdivision (d), an out-of-state paragraph
27 (2) of subdivision (c), a facility shall enter into an agreement with
28 the department pursuant to Section 25201.9 of the Health and
29 Safety Code to pay the department's full expenses of conducting
30 the audit, including review and any inspection costs the department
31 may incur in determining whether the facility meets the
32 requirements for certification.

33 (g) If the board denies certification to a facility subject to
34 subdivision (a), (b), or (c) (a) or (c), the board may subsequently
35 certify the facility if the board it determines that the facility meets
36 the standards for certification.

37 ~~SEC. 21.~~

38 SEC. 20. Section 48670 of the Public Resources Code is
39 amended to read:

1 48670. (a) To be eligible for payment of a recycling incentive,
2 an industrial generator of used lubricating oil, a used oil collection
3 center, or a curbside collection program shall report to the board,
4 for each quarter, ~~both of the following~~ *based on the following*
5 *reporting limitations and requirements*:

6 (1) The amount of lubricating oil purchased and the amount of
7 used lubricating oil that is transported to a certified used oil
8 recycling facility, to a used oil storage facility, or to a used oil
9 transfer facility, or that is transported to an out-of-state recycling
10 facility registered with the board ~~pursuant to subdivision (b) of~~
11 ~~Section 48662:~~ *to be operating in substantial compliance with*
12 *Part 279 (commencing with Section 279.1) of Title 40 of the Code*
13 *of Federal Regulations*.

14 (2) The amount of used lubricating oil collected from the public,
15 for use in determining the recycling incentive payment, that is
16 transported to a certified used oil recycling facility, to a used oil
17 storage facility, or to a used oil transfer facility, or that is
18 transported to an out-of-state recycling facility registered with the
19 board ~~pursuant to subdivision (b) of Section 48662~~ *to be operating*
20 *in substantial compliance with Part 279 (commencing with Section*
21 *279.1) of Title 40 of the Code of Federal Regulations*. However,
22 a certified collection center with service bays located in a small
23 rural county shall be eligible for a recycling incentive based on 60
24 percent of the total oil recycled by collecting used oil from the
25 public and servicing motor vehicles. If the center documents, in
26 the form prescribed by the board, that the portion that resulted
27 from public collection exceeds 60 percent of the total oil recycled,
28 the center shall be eligible for the incentive payment based on the
29 actual amount of used oil accepted from the public and recycled.

30 (b) ~~(1)~~ The reports shall be submitted on or before the 45th day
31 following each quarter, in the form and manner that the board may
32 prescribe, and shall include copies of manifests or modified
33 manifest receipts from used oil haulers.

34 ~~(2) The copies of manifests or modified manifest receipts~~
35 ~~required by paragraph (1) shall be signed by the generator of the~~
36 ~~used oil and shall specify the receiving used oil facility.~~

37 ~~(3) If the used oil was shipped to a facility located out of the~~
38 ~~state, the report also shall include testing and analysis data provided~~
39 ~~by the receiving facility documenting compliance with subdivision~~
40 ~~(a) of Section 25250.29 of the Health and Safety Code and that~~

1 ~~the used oil was recycled to meet the purity standards for recycled~~
2 ~~oil as defined in Section 48620.~~

3 (c) The board may delegate to the executive officer of the board
4 the authority to accept reports submitted after the 45th day and to
5 reduce, eliminate, or approve the amount of incentive fee to be
6 paid due to the late submission of the report. The board may
7 provide, by regulation, for a longer reporting period for industrial
8 generators that generate less than 1,000 gallons of used oil
9 annually.

10 ~~SEC. 22.~~

11 *SEC. 21.* Section 48673 of the Public Resources Code is
12 amended to read:

13 48673. (a) A used oil recycling facility ~~registered with the~~
14 ~~board pursuant to Section 48662 shall report to the board for each~~
15 ~~quarter the amount of California used oil recycled and the resultant~~
16 ~~amount of recycled oil produced to meet the purity standards for~~
17 ~~recycled oil, as defined in Section 48620. issued a permit by the~~
18 ~~department to produce recycled oil, as defined in Section 25250.1~~
19 ~~of the Health and Safety Code, and an out-of-state recycling facility~~
20 ~~that is either registered with the board pursuant to subdivision (b)~~
21 ~~of Section 48662 or certified by the board pursuant to subdivision~~
22 ~~(c) of Section 48662, shall report to the board for each quarter~~
23 ~~the amount of California used oil received and the resultant amount~~
24 ~~of recycled oil produced.~~

25 (b) A facility subject to this section shall provide estimates,
26 where feasible, of the amount that is used lubricating oil and the
27 amount that is used industrial oil.

28 (c) The reports required by this section shall be submitted on
29 or before the last day of the month following each quarter, in the
30 form and manner that the board may prescribe.

31 ~~SEC. 23.~~

32 *SEC. 22.* Section 48674 of the Public Resources Code is
33 amended to read:

34 48674. After receiving payments pursuant to paragraph (3) of
35 subdivision (a) of Section 48653, each local government shall
36 submit a report to the board, in the manner specified by the board,
37 that includes any amendments to the local used oil collection
38 program adopted pursuant to Section 48690, a description of all
39 measures taken to implement the program, and a description of
40 how the payments were expended.

1 ~~SEC. 24.~~

2 SEC. 23. Section 48690 of the Public Resources Code is
3 amended to read:

4 48690. A local government is eligible for a payment pursuant
5 to paragraph (3) of subdivision (a) of Section 48653, if it develops
6 and submits a local used oil collection program to the board
7 pursuant to Section 48691 and files a report pursuant to Section
8 48674. The board shall make a payment to every local government
9 that submits a program and files a report unless the board finds
10 that the program or its implementation does not comply with
11 criteria contained in this article. The board may make a payment
12 to another entity that will implement the program of a local
13 government in lieu of making a payment to that local government
14 with the concurrence of that local government. *A payment issued*
15 *by the board pursuant to this section may take the form of an*
16 *advance payment.* If a local government does not implement a
17 used oil collection program ~~and~~ *or* chooses not to accept the
18 payment pursuant to paragraph (3) of subdivision (a) of Section
19 48653, the board may allocate that local government's payment
20 to another local government that commits to implementing a used
21 oil collection program pursuant to Section 48691 and serving the
22 residents of the nonparticipating local government, *if any program*
23 *implemented within the boundaries of the nonparticipating*
24 *jurisdiction is approved by the nonparticipating jurisdiction.*

25 ~~SEC. 25.~~

26 SEC. 24. Section 48691 of the Public Resources Code is
27 amended to read:

28 48691. (a) A local used oil collection program shall provide
29 for used lubricating oil collection by either of the following or a
30 combination of the two:

31 (1) Ensuring that at least one certified used oil collection center
32 is available for every 100,000 residents not served by curbside
33 used oil collection, that accepts oil from the public at no charge,
34 at least 20 hours each week, on four days each week, of which
35 three hours each week are outside the weekday hours of 8 a.m.
36 through 5:30 p.m.

37 (2) Providing used oil curbside collection at least once a month.

38 (b) A local used oil collection program shall include a public
39 education program that informs the public of locally available used
40 oil recycling opportunities.

(c) A local government may implement its used oil collection program in conjunction with other similar programs in order to improve used oil recycling efficiency.

(d) ~~(4)~~ A local government that has implemented the used oil collection and education elements of subdivisions (a) and (b) may also include, in the local used oil collection ~~program, provisions~~ *program one or both of the following:*

(1) *Provisions* for the mitigation and the collection of oil and oil byproducts, including other solid waste that may be mixed with oil or oil byproducts from stormwater runoff, including devices to capture that stormwater runoff, such as the use of storm drain inlet filter devices.

~~(2) A~~

A local government shall not receive a payment pursuant to Section 48690 for the purposes identified pursuant to *this* paragraph ~~(4)~~ unless the local government certifies that it has a stormwater management program that is approved by the appropriate California regional water quality control board and that the provisions in the local used oil collection program approved for funding under *this* paragraph ~~(4)~~ are consistent with that approved stormwater management program.

(2) *A used oil filter collection and recycling program.*

~~SEC. 26.~~

SEC. 25. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
